# Overview

The GET Group provides qualified, police vetted and highly skilled Delivery Specialists to deliver our courses across Aotearoa. We deliver face to face workshops and provide supported remote learning options as an alternative to face to face delivery.

We work with you to create a learning plan that will help you complete your NCEA either while you are enrolled in school or once you have left school. You can also become industry qualified while in work or looking for work with our NZQA accredited short courses.

# Custom Courses

In addition to our 'off the shelf' options outlined in this catalogue, we can custom build a course specifically for your needs. Choose which unit standards you would like, and we will create a workbook for you. **CUSTOM COURSES INCUR AN ADDITIONAL ADMINISTRATION FEE OF \$10 + GST PER LEARNER**

Vocational Pathways help students see how their learning is valued in the real world by aligning standards that can be achieved through NCEA with six industries.

Vocational Pathways was developed to ensure students gain a better understanding of how their NCEA studies applies to the world of work, and the qualifications and skills required by industry.

Together with their NCEA level 2, students can achieve a Vocational Pathways Award. This signals that students have achieved NCEA level 2 standards that align with the knowledge and skills that employers are looking for in the six industries.

A learner can achieve more than one Vocational Pathways Award if they complete more than one Vocational Pathway.

SUPPORTED REMOTE OPTION / \$160 +GST PER LEARNER

The Portfolio assessment for both Literacy and Numeracy is carried out over time and in accordance with NZQA guidelines for assessment. The Portfolio assessment is managed by the GET Team and can occur in a number of different ways depending on what best suits your group of learners. Your GET Tutor will advise what is required for this during the one day delivered workshop.

All three unit standards (for each of the Literacy and Numeracy) are required to be completed as a package to meet NCEA requirements, however, evidence collected from Achievement Standards in secondary schools can be added to the Portfolio and cross credited towards the unit standards, so as not to disadvantage the learner in anyway.

Literacy and Numeracy do not credit towards Level 2 Vocational Pathways Award however these unit standards meet the core compulsory requirements for Literacy and Numeracy for NCEA Level 1, 2 & 3

# Learning Options

## FACE TO FACE DELIVERED WORKSHOPS

Our Delivery Specialists come equipped with everything required to run a workshop. We provide one or two Delivery Specialists, depending on workshop size, and deliver on-site at your venue.

Workshops are normally scheduled from 9am - 3pm. Depending on the size of the group and ability of the learners, the workshop may finish earlier or later than the scheduled time.

Delivered workshops require a minimum of 20 learners, however in some cases we can do smaller numbers with a travel fee added (if required). Alternatively, you can join a workshop in your region.

## SUPPORTED REMOTE LEARNING

The supported remote option allows learners to complete their learning and assessment at home, work or school.

We courier out the workbook and our Remote Learner Manager supports you by phone, email and/or ZOOM to complete your learning and assessment. You are required to have the observation form completed by a teacher/employer as part of the assessment process.

## CUSTOM BUILD YOUR OWN COURSE

In addition to our 'off the shelf' options outlined in this catalogue, we can custom build a course specifically for your needs.

**CUSTOM COURSE / \$10 + GST ADDITIONAL ADMIN FEE PER LEARNER**

## Contact Us!

Get in touch with us to discuss your course requirements. We have a bunch of 'off the shelf' options, or we can create your own custom course from our range of individual standards.
